-For Quality And Safety-

1 GMI Certification (Graphic Measures International)
GMI is a globally recognized packaging quality certification. It measures the performance of packaging suppliers on the following components:

- 1. Process control and documentation
- 2. Equipment maintenance
- 3. Training procedures
- 4. Chemical stability
- 5. Equipment performance

Only suppliers who GMI certified for midstream, a leading drug store chain in the U.S., the certification recognizes Total's high-quality printing.

2 FSC 22000 Certification
FSC 22000 has more stringent conditions than traditional requirements. FSC 22000: Bulk paper and China Tissue gained FSC 22000 through rigorous inspection. China Tissue won the awarding Total Group.

3 VOC combustion equipment
This equipment is used to meet the requirements of the system.
